

# HAWAII HEALTH & HARM REDUCTION CENTER

*The New Chapter for Life Foundation and The CHOW Project*

This year's Honolulu AIDS Walk is happening this Sunday, June 30, at 8 AM, at Kapiolani Park. While we continue to serve some of our community's most vulnerable members, this week has featured a flurry of activity in preparation for Sunday. As of this writing, 496 have signed up to participate, raising funds totaling \$110,788 to help support our work serving those living with HIV and HIV/AIDS.

Please sign up to join us on Sunday morning. Participation is free, and feel free to invite your friends. If are you unable to join us, your donation in any amount is deeply appreciated.
